

Annual Report – 2024 Classification Committee

Chair: Peter J Goadsby
Secretary: Stefan Evers

The Committee met in Seoul at the International Headache Congress.

We provided minutes of that meeting to the secretariat.

We wrote a report to the membership that was published in Cephalalgia (1).

We plan to meet in September at the Migraine Trust International Symposium; this date was selected after polling the committee members to ascertain maximum attendance at headache and neurology meetings in 2024.
